Dry films will burn.

Section VI Health Hazard Data

Route of Entry	Inhalation? 🗹 Skin? 🗹 Ingestion? 🗹
Health Hazards:	:
Residual monom	er and ammonia may be irritating to eyes and respiratory system.
May cause head	ache,nausea and skin irritation.
The same party party party page 1 pag	
Carcinogenicity	y: NTP: n/a IARC Monographs: n/a
	OSHA Regulated n/a
Medical Condit	ptoms of Exposure Irritation of eyes and respiratory system tions aggravated by exposure Pre-existing skin/respiratory disorders
Medical Condit	tions aggravated by exposure Pre-existing skin/respiratory disorders
Medical Condit First Aid Proce	Pre-existing skin/respiratory disorders
Medical Condit First Aid Proce	Pre-existing skin/respiratory disorders dures Wash with water for 15 minutes
Medical Condit First Aid Proce Eyes:	Pre-existing skin/respiratory disorders dures Wash with water for 15 minutes Get medical attention
Medical Condit First Aid Proce Eyes: Skin:	Wash with water Wash off with water

Section VII Precautions for Safe Handling and Use

ial is spilled	Absorb on inert substrate
ately	
According to loc	al regulations
Handling and S	torage
personal contact	
emperature	
none	
	According to loc Handling and S personal contact emperature

Section VIII Control Measures

	otection		1101110111	ally required	Market Billion (Market Const. and Const. Con		
Ventilation	Ensure	good extr	action/vent	ilation			
	Local	Local exhaust		normally required			
Mechanical		Not	Not normally required				
Protective	gloves	Not requ	uired	Eye protection	if handling large quantities		
Other prote	ctive eq	uipment	Prot	ective clothing			
Work/Hygenic Practices Av		Avoid cor	oid contact with skin and eyes				
Avoid in	nalation
